

HYDRO LIFE[®]

WATER FILTRATION SYSTEMS

Model Number: C 2052

Description:

The Hydro Life C2052 treatment cartridge will address the everyday problems you encounter in your c-store and restaurant business. Unlike our competitors that ask you to purchase different cartridges for scale, taste/odor, bacteria or chlorine reduction, Hydro Life does it all with the C 2052. That's right; used on both hot and cold drinks, you can remedy the situation quickly and easily.

Reduces or Controls:

- Algae/Slime
- Organic Contaminants
- Taste/Odor
